

Visit the refreshed Cisco NOW Van to discover the latest healthcare-focused solutions

Join Cisco and Axispoint July 22, 2010 to explore the newly updated Cisco NOW Van and discover the latest in **Borderless Networks, Video, Physical and Network Security, Unified Communications and Collaboration, and many other advanced solutions.**

We invite you to experience the very best in real-world Cisco healthcare-specific solutions. The Cisco Network on Wheels (NOW) mobile showcase is both educational and entertaining — and we are pulling into your city soon.

Demos that Drive Solutions Home

The NOW Van has been rebuilt to showcase the latest and most comprehensive Cisco healthcare-focused solutions, featuring technology partners like AeroScout and Extension, Inc.

Once onboard, you'll take part in interactive demonstrations of technology solutions that address the industry's primary concern — providing efficient, affordable, accessible health services. Discover how Cisco provides the advanced resources to help healthcare organizations respond to patients more efficiently, expand preventative healthcare initiatives, and reach new levels of success.

Get a Firsthand Look at Key Solutions

Borderless Networks

Learn how Cisco's next-generation architecture delivers the new workspace experience, connecting anyone, anywhere, using any device, to any resource — securely, reliably and seamlessly.

Video-Related Demos

Explore how Cisco's latest video production, sharing and surveillance solutions can help you communicate in new, more effective ways.

Physical and Network Security

Discover the latest in surveillance, public safety and network monitoring and response solutions designed to protect patients, employees and data.

Unified Communications and Collaboration

Experience Cisco's broad portfolio of advanced communication and collaboration solutions designed to increase productivity, efficiency and ROI.

More Capabilities

Get a first-hand demonstration of Cisco's latest wireless, network management, and security solutions, and learn how you can employ them to achieve measurable advantages throughout your organization.
